

Sixth VeSte Party 2002-2003

Maike Wubs was our chair who formed the VeSte faction 2002-2003 together with Ruud Broekman, Marije Gordijn and Harry Kager. All the party members had a connecting with one of the major student organisations Ceres, SSR and KSV.

This year VeSte gave special attention to the major student organizations, but also in the sometimes smaller study organizations. VeSte was very active on every major event, which made the VeSte-party very visible for students and their organizations.

In the everyday work the party tried to focus on the interests of students, with of course special attention for students who are active in student life. Major topics like building new housing for the university (Forum-building), new studies and the introduction of a BSc-MSc system were looked upon from the students point a view.

The social contacts within the party were very good and resulted in the party slogan "lekker kief". We all made mistakes and learned a lot. Because the party was so visible the elections at the end of the year resulted in 6 seats for VeSte.
